I believe nuclear waste is a problem that is out of our hands. In order to even slow down the tremendous effects, we as Americans need to stop the making of nuclear waste. There is no safe way to store it or make it, no safe way to transport it and place it.

our Earth's crust. Nuclear power is not the only form of power. There is no good nuclear products. The making of nuclear power needs to be stoped.

Please note: For your comment(s) to be considered in the Final Environmental Impact Statement, your comment(s) need to be received by the Department of Energy by February 9, 2000. To the extent practicable the Department will consider comments received after February 9.

Please feel free to attach additional pages; more postage may be needed. If you prefer to mail your comments, you may use the back side of this sheet as a postage-paid, self-mailer. To do so, fold in thirds along the dotted line so address and postage-paid notice are visible; then secure with tape.
